

Key Benefit
03
Environmental
Performance

Excellent eco performance and eco design

Outstanding energy savings thanks to reduced power consumption

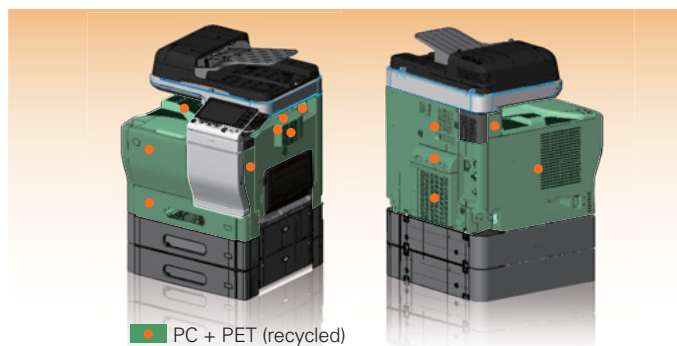

With a TEC value some 58% lower than its predecessor the bizhub C35 and a mere 1.9-watt power consumption during Sleep mode (89% less than its predecessor), the bizhub C3850 and C3350 offer outstanding energy savings which easily meet the International Energy Star standard.

Comprehensive technical improvements for lower TCO

An increased toner capacity of 10K (5% A4 page coverage) compared to its predecessor and a dual-component process that helps improve image quality reduce customer TCO and make the bizhub C3850 and C3350 kinder to the environment.

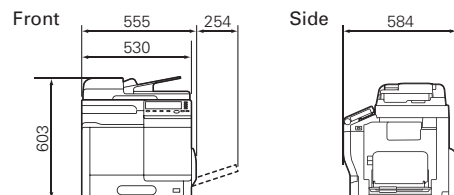

Recycled materials for reduced environmental impact

Konica Minolta makes effective use of recycled materials such as PC/PET, developed in-house using advanced chemical processing technologies, for the outer surfaces and bioplastic for the panel buttons, etc. to further reduce environmental impact.

Giving Shape to Ideas

Advanced functionality in a compact size

Introduce greater efficiency, functionality and convenience to your office environment with the new bizhub C3850 and C3350. More than just being compact enough to be placed within easy reach, the state-of-the-art C3850 and C3350 MFPs possess print speeds of 38 and 33 pages per minute and come with a multitude of functions and features, improving any office

environment. And with an intuitive 7-inch touch panel display, INFO-Palette user interface and PageScope Mobile compatibility, the new bizhub C3850 and C3350 offer both greater affinity with the latest A3 bizhub models and a seamless consistent user experience from any device.

Key Benefits

- 01 Usability**
User-friendly and convenient to meet diverse business needs
- 02 Advanced connectivity**
Enhanced compatibility for a more efficient workflow
- 03 Environmental performance**
Excellent eco performance and eco design

bizhub C3850 / C3350

The Advanced A4 Colour MFPs that Revolutionise Your Office Environment

Key Benefit
01
Usability

User-friendly and convenient to meet diverse business needs

Unified INFO-Palette user interface

By utilizing the same smart and intuitive INFO-Palette user interface that is found in the latest A3 bizhub models, the bizhub C3850 and C3350 ensure seamless operation and provide the same user experience in any business situation from PCs, tablets and smartphones.

INFO-Palette

Intuitive large touch panel display

A large 7-inch touch panel display provides seamless and intuitive usability even for first-time users with smartphone-like tap and flick control, making operation easier and more comfortable.

Flick the Copy screen

Enhanced user authentication / security settings

Enjoy excellent security against unauthorised use with the bizhub C3850 and C3350 thanks to the standard server-less main unit authentication. Beyond being ideal for small offices, security settings can be upgraded with the optional IC card authentication, eliminating the need for manual password inputs.

Max. 1,650-sheet paper capacity

Increase the standard paper capacity of 550 sheets to a maximum of 1,650 by adding up to two optional 500-sheet paper feed units, and boost office productivity even further by installing an optional offline stapler.

Optional offline stapler

Key Benefit
02
Advanced Connectivity

Enhanced compatibility for a more efficient workflow

PageScope Mobile compatible

In keeping with the new freer work style of the bizhub C3850 and C3350, PageScope Mobile speeds up document workflow by enabling direct printing from and scanning to cloud services from portable devices such as smartphones and tablets, as well as from PCs.

OpenAPI / PageScope Enterprise Suite compatible

The bizhub C3850 and C3350 employ OpenAPI, Konica Minolta's unique Application Programming Interface, which supports various third-party applications. In addition, compatibility with the optional PageScope Enterprise Suite (PSES) that features four applications* (three of which require a fee) helps to reduce administrator burden through centralised device management and batch settings. * The Net Care Device Manager app is free of charge

Scanning capabilities create a paper-less environment

The bizhub C3850 and C3350 support a variety of output formats that convert hard copies into digital files such as Compact PDF, reducing paper use and making information sharing effortless.
